## Technical Corks

## CS Cuvée 0+1

CS Cuvée 0+1 is a more economical Champagne and sparkling wine closure that offers superior mechanical function and consistent sensory performance. CS Cuvée 0+1 has an agglomerated molded body with one natural cork disc at the end that comes into contact with the wine. Each natural cork disc for the CS Cuvée 0+1 undergoes the Innocork® process, our patented TCA extraction system.

100% of our natural cork discs undergo the patented INNOCORK® process.  
100% of our granules undergo the Vapex® process.
